NAS Defender 110 #362

Customer # 48

19,728 miles showing
SALDH1280PA921019

The following were found to be out of spec. on the Rover. A cosmetic evaluation was not done as this is not a new purchase.

- Antenna damaged
- Defender decal missing from grill
- Grill damaged (UV baked)
- Headliners sagging
- All doors have minor dents and have through corrosion. Some have significant rust
- Under hood frame showing rust
- Rust blisters on bulkhead
- Paint faded (UV baked)
- Rear body tub cap rails rusting and blistering
- Vehicle has been repainted a couple of times at least
- Rear crossmember starting to rust significantly
- Frame has through rust that has been patched
- Headlight buckets starting to rust out
- Bulkhead to fender inner mounts rusted out
- Driver's seat belt clip cracked
- Body line up not 100%, body needs to be lined up better for doors to fit better
- Cigar lighter missing
- Aftermarket radio
- "Unleaded fuel" decal missing

Overview: A good 110 that suffers from the beginnings of bad rust, just starting to get its grip
